D.

FULL STACK DEVELOPER

I am a full stack developer and design enthusiast with a passion for learning and creating meaningful experiences. As a former business owner, I have extensive experience in project management and customer service, which propels me to seek creative solutions in a collaborative environment.

TECHNICAL SKILLS

- React
- Ruby on Rails
- PostgreSQL
- JavaScript
- jQuery
- Express
- Node.js
- MongoDB
- CSS3
- HTML5
- GIT version control
- Heroku
- Adobe Suite (Illustrator, Photoshop, Acrobat)

DEVELOPMENT EXPERIENCE

Barista Goals / *React, CSS Styled-Components, Ruby on Rails, PostgreSQL*

Developed a training and social app for baristas, that captures field notes pertaining to various specialty coffee subjects.

Vojâgo / *React, CSS Styled-Components, Ruby on Rails, PostgreSQL*

Worked in a team environment to co-develop a social app centered around travel experiences in major cities, where users can post images and comments. Pair-programmed, primarily on front-end development in React.

Chore Rewarder / *MongoDB, Express, React, Node.js*

Created an app that allows family members to keep track in the sharing of family chores.

Gig Posters / *MongoDB, Express, Node.js*

Created a site that allows users to upload and track details of their band poster collections.

Jeopardy for Kids / *HTML, CSS, Javascript*

Developed an app in the classic style of Jeopardy centered around trivia tailored towards kids.
